

Rockdale Water Resources
1329 Portman Dr. Suite H Conyers, Georgia 30094
Backflow Prevention 770-278-7414
"A community environmental health protection program"

To: All Certified Backflow Device Testers

To remain on the Approved Testers List, it is the tester's responsibility to ensure that Rockdale Water Resources has current documents on file:

1. *Testers Certification,*
2. *Current calibration of Gauge,*
3. *Current Business License.*

This information can be mailed or faxed 770-918-6529, (Attn: Backflow Prevention Coordinator)

Please write your name and phone number on all correspondence.

Tester must be on RWR Approved Testers List **before** testing in Rockdale Co.

All Test forms must be typed on Rockdale Water Resources current form.

Type full address including zip code.

No faxed test reports accepted, faxed or hand written copies are allowed only for the convenience of Rockdale County Inspectors or customers.

No test reports will be accepted prior to the scheduled test due date.

Meter numbers are required (if a device is inside, type internal).

Specific device location required, (don't use at meter or at vault.)

If device is located inside the building, exactly where inside is the device located?

Name of Tester must be typed, then **signed**.

All original typed test forms must be submitted to this office within **15 days of the test date**.

All failed assemblies test report must be submitted in the same manner.

All test forms filled out incorrectly will not be accepted, and returned to the tester .

The state of Georgia Plumbing code requires that any installation or repairs made to a Backflow Prevention device shall be performed by a licensed Master Plumber or someone who works **directly** under her or his license.

If you have any questions regarding this matter, please call Joe Camp @ 770-278-7414
