Regarding tariff impacts on IPS contract quotes, Insight is communicating with the contract holder to minimize the impact of these tariffs to our clients.

Insight Global Finance has a wide variety of flexible financing options and technology refresh solutions. Contact your Insight representative for an innovative approach to maximizing your technology and developing a strategy to manage your financial options.

The U.S. government has imposed tariffs on technology-related goods. Many of Insight's OEM and distribution partners have notified Insight that these tariffs will result in frequent and significant price increases. Some of our major partners have already provided Insight with cost increases, in some instances multiple times per day, while other providers are still assessing their situations. Due to the situation it is possible this quote may be subject to cost changes for Insight which will necessitate changes to the quoted pricing, or withdrawal of the quote.

This purchase is subject to Insight's online Terms of Sale unless you have a separate purchase agreement signed by both your company and Insight, in which case, that separate agreement will govern. Insight's online Terms of Sale can be found at: http://www.insight.com/en_US/help/terms-of-sale-products-ips.html

Subject: Insight Dell Quote for Rockdale County
Attachments: Quotation #0220733569 - Rockdale County Georgia.PDF

Hello Mr. Ficklin,

Per our conversation, I wanted to provide you with an update to our project quote from Insight for your Dell AIO devices.

Quote number 220733569 is attached for your reference. This quote expires for Dell Special Pricing on 2/10/2019.

This is important due to the possible tariff increases that Dell Anticipates.

There is no way to determine when the tariff's will increase, only that it is for certain that they will shortly.
