### **Rockdale County Department of Transportation to Host Virtual Meeting to Discuss Courtesy Parkway Extension**

**ROCKDALE COUNTY, Ga.** – Rockdale County Department of Transportation (RDOT) is holding an informational meeting to discuss the Courtesy Parkway Extension Project on **Tuesday, Oct. 6 at 5 p.m., via the official Rockdale County Facebook page at [facebook.com/rockdalegov](https://www.facebook.com/rockdalegov).**

The purpose of this meeting is to discuss the proposed Courtesy Parkway Extension Project. The project is to provide an Alternate Road that will allow Rockdale Citizens to cross I-20 at a safe location separate from the heavily congested Interchanges at Highway 138 and Salem Road. The project is currently under design, which includes full coordination with the Georgia Department of Transportation, and the receipt of an Environmental Permit from the US Department of Transportation's Federal Highway Administration. The design phase should be complete by early 2021.

Members of the public attending the meeting will hear from RDOT staff and Consultants about specific details of the project, the project's current status, and will hear the County's response to previous issues and questions that have been submitted by the Community. The public can submit additional questions about the project prior to the meeting via email with subject line Courtesy Parkway Extension to: [publicrelations@rockdalecountyga.gov](mailto:publicrelations@rockdalecountyga.gov). These additional questions can also be answered during the livestream, time permitting. For more information, please call 770-278-7200.
