Rockdale County Presents Proposed 2021 Budget

ROCKDALE COUNTY, Ga. – The Rockdale County Board of Commissioners (BOC) presented the Proposed 2021 Budget on Sunday, November 1, 2020. The Rockdale County BOC was able to deliver a balanced budget, or a budget that does not borrow from the county’s fund balance and remained in decent financial strength in light of the COVID-19 pandemic.

The BOC credits the talented team comprised of executive leadership and the county’s financial consultant, Terminus, whose conservative budget streamlined operations and helped restructure and re-organize the county with the help of the BOC.

Rockdale County has also been able to provide uninterrupted county services that continue at a high level even after being hit by COVID-19.

“In the midst of the pandemic to still be able to deliver a conservative budget is credit to our ‘All hands on deck’ approach,” Chairman Oz Nesbitt, Sr. says, “This was truly a group effort between The Office of the Chairman, The Board of Directors, and executive staff. The BOC listened to the citizens as it related to the millage rate and the board has responded accordingly by delivering a conservative budget.”

To view the Proposed 2021 Budget, visit www.rockdalecountyga.gov, and click on the “Meeting Agendas” tab located under the “Board of Commissioners” tab. There, under the November 3 Budget Public Hearing Agenda, will be a link to the proposed budget.

The Proposed 2021 Budget will become official once the BOC has reached a final vote.
