

**SKATE BOARDS, ROLLER SKATES, BICYCLES
AND SIMILAR DEVICES**

All skate boards, roller skates, bicycles and similar devices are barred from the Courthouse Complex, inclusive of the pedestrian approaches to the buildings and the parking lots (the "Complex"). Activity in the past has resulted in damage to the facility and landscape and poses a safety hazard to pedestrian traffic. Effective immediately, all skate boards, roller skates, bicycles and similar devices shall be prohibited on the Complex and the Sheriff of Rockdale County is requested to enforce this policy through notification to violators by providing a written warning on the initial violation and taking such action as is appropriate and as is allowed by the criminal statutes of the State of Georgia following a second violation.

To encourage the use of bicycles as a mode of transportation, bicycles used for transportation to and from the courthouse for official business during regular hours of operation may be excepted from the provisions of this policy at the discretion of the Sheriff of Rockdale County.
