Section IV

That Sec. 218-13 entitled “Supplemental Regulations” is hereby amended by enacting the following:

(e2) Dewatering Sites; All Classes.

(1) Standards:

a. No dewatering site shall be permitted within 250 feet of state waters; including: creeks, streams, rivers, lakes, or ponds.

b. A minimum 250-foot-wide buffer shall be maintained on all property lines.

c. The dewatering site, and all related facilities shall be enclosed with a security fence at least six feet in height. A minimum six-foot-high solid fence or wall is required inside buffers adjacent to property zoned or used for residential, commercial, or mixed-use purposes.

d. Access to dewatering sites shall be limited to authorized entrances that shall be closed outside of normal business hours. Access should not be derived through any residential subdivision or development. Routes and entrances shall be approved by the Director of Planning and Development to ensure access is derived from county or state roads classified as principal or minor arterials.

e. Dewatering sites must determine, process, and handle earth and earth-like materials as “recovered material” as defined by Ga. Comp. R. & Regs. 391-3-4-.04 (7).

f. Dewatering sites must be in compliance with all other relevant County codes, including obtaining a land disturbance permit and must be in compliance with all relevant Georgia EPD policies, including obtaining appropriate NPDES permits.

Section V

That all ordinances or resolutions, or parts thereof, in conflict with this Ordinance are hereby repealed.
Section VI

That should any court of competent jurisdiction declare any section of this ordinance invalid or unconstitutional, such declaration shall not affect the validity of the ordinance as a whole, or any part thereof, which is not specifically declared to be invalid or unconstitutional.

EFFECTIVE DATE: This Ordinance shall become effective as of the date hereof.

ADOPTED AND APPROVED THIS 27th DAY OF APRIL, 2021.
