CONTRACT TERM:
The Contract Term will be for one (1) year from Contract Award with the option to renew for up to four (4) additional one (1) year periods with the same terms and conditions at the discretion of the County.

Because this contract contains four (4) renewal periods and the price of materials is subject to change from year to year, it is appropriate to allow the Contractor to offer price increases prior to the renewal of the contract for the following year. Therefore, 90 days prior to the end of the contract, the Contractor will advise the County in writing of their desire to renew the contract and will provide the County with an updated price list (this should be the same price list from the original bid with any necessary additions that became evident during the previous year’s operations). The County will review the price increases and if necessary, negotiate with the Contractor to finalize pricing. Once both parties have agreed to the contract extension pricing, the County will prepare an Amendment to the original contract outlining the
extension period, the new pricing that has been approved by both parties, and any other changes to the contract that become necessary to improve the operational effectiveness of the Agreement.
