Conditions of Zoning

1. Traffic Impact Study required, unless determined otherwise by the Rockdale County Department of Transportation (RDOT). Any recommendations for improvements by the Traffic Impact Study, as determined by RDOT, shall be shown on the Land Disturbance Permit (LDP);

2. No direct access to Lester Road and all traffic generated shall be prohibited from using Lester Road as a means of travel. This is an existing zoning condition approved on September 13, 2005 under Ordinance #O-2005-19 (Rezoning Case #2005-12);

3. The property adjoins the R1 Zoning District to the south for 318.51’. However, the property is owned by Rockdale County. Additionally, an existing zoning condition approved on July 8, 1997 under Rezoning Case #97/13 states “conditioned to zero buffers on the South and East property line”, which is specific to the existing M2/C Zoning District that formerly consisted of 14.00 acres. Therefore, zero buffers are required on the 318.51’ property line;

4. Erection of the Fire-Retardant Treatment (FRT) Building shall not begin unless and until the landscaping along Lester Road is installed in accordance with the Landscaping & Buffer Tree Plan (Sheet Number C-09.0) and Landscaping & Buffer Tree Calcs & Notes (Sheet Number C-09.1) dated 06-21-2021 and revised 07-06-2021 prepared by Hayes James. The Landscaping & Buffer Tree Plan shall be adhered to and shall include a 8-foot-tall opaque fencing (wooden privacy fence) to be installed to the west of the landscaping between the Natural Conservation Easement (Tree Save Area #1) to the north and Rockdale County’s property to the south.
