Addendum No. 8

ITB No. 21-33
ON-CALL CONTRACT – STORM DRAINAGE INFRASTRUCTURE SYSTEM CONSTRUCTION FOR PUBLIC WORKS STORMWATER PROJECT

December 13, 2021

ITB #21-33 is hereby amended as follows:

1. Below are questions received and corresponding answers:

   A. **Question**: On #8, Mobilization/Demobilization: It refers to Attachment B-1, which is not a part of this ITB. Also, that is for Water and Sewerage, not Stormwater.

      **Answer**: Delete the Attachment B-1 verbiage, then replace Water and Sewer with Stormwater.

   B. **Question**: On #14, Traffic Flow: There is nothing listed for a Unit Price on regular jobs in this ITB. The Bid Schedule only indicates Emergency Job Sites as listed in Addendum #5.

      **Answer**: Correct, Emergency jobs of a certain nature may require traffic control. Typical jobs will not. If they do this will be decided by management on a case-by-case basis.

   C. **Question**: On #17, Backfilling: Vendor indicated that Thrust Blocks and Bends are only used for Water Resources projects.

      **Answer**: Thrust blocks and Bends will be deleted.

   D. **Question**: On #34, Payment Applications: The ITB does not mention anything on CCTV. Does this need to be included in the Bid Schedule? The bid schedule has PRE-construction CCTV. This is the first mention of post-construction CCTV. Is this a requirement? If so, I will have to add it to other bid items.

      **Answer**: Line Items 73-80 mention CCTV. Post Construction CCTV is not a requirement.

   E. **Question**: Regarding the precast structures, line items #190-219, are we to assume this is for up to 6 vertical feet each, per GDOT specs? Also, will the quantities remain the same now that they are priced each?

      **Answer**: Yes, per DOT specs up to 6ft. The quantities can remain the same.
2. All other conditions remain in full force and effect.

3. If a Bid has been submitted and anything in this Addendum causes the bidder to change the item offered or to increase or decrease the Bid price, the new price and/or changes will be inserted below:

_________________________________________________________________
