Addendum No. 2

ITB No. 21-35
TENNIS CENTER LIGHTING UPGRADES

December 7, 2021

ITB #21-35 is hereby amended as follows:

1. Below are questions received and corresponding answers:

   A. **Question:** Is there any opportunity in supplying MATERIAL ONLY on this project. If not, how might we get on board for their everyday lighting needs? We also provide recycling services as well, so checking to see if there are any recycling needs for this project and if there’s a specific company to handle the recycling? If this BID AWARD goes through contractors only, are we privy to whom is the awardee so we can contact them to help in the recycling?

   **Answer:** No, we are seeking a bidder that can complete the entire project per the Specs listed in the ITB documents. We do not know of any recycling needs currently.

   B. **Question:** We noticed a LED flood light was proposed on the Addendum 1. Can you confirm equivalent substitutions will be accepted? If so, is there a pre-approval process for an equivalent LED to be used on this project or will all proposed substitutions be evaluated after the bid is submitted?

   **Answer:** At this time, we will not be accepting any substitution requests as we want to go with what is listed in the ITB and Addendum #1.

2. All other conditions remain in full force and effect.

3. If a Bid has been submitted and anything in this Addendum causes the bidder to change the item offered or to increase or decrease the Bid price, the new price and/or changes will be inserted below:

__________________________________________________________________________
4. All bidders under this Invitation to Bid are kindly requested to acknowledge receipt of this Addendum on page 15 of the Bid Form.
