Sheena.Berry@rockdalecountyga.gov

Kinship Care Groups are for grandparents, other relatives and kin who are raising children or providing a significant amount of their care. Members share experiences, ideas, and encouragement. They provide support and understanding for each other. Information about child development, parenting, and available community resources is shared.

Kinship Care support groups are offered free of charge. Groups are led by a trained professional. However, self-help is the guiding force behind the group. Information shared in the meeting is confidential unless a child is in danger.

To join our group please contact Sheena Berry @ 770 278-7230 or sheena.berry@rockdalecountyga.gov

Program Includes:
