SPLOST #5A ROADWAY REHABILITATION – FDR

**6 Miles of Roadway Rehabilitation, including Full Depth
Reclamation, Resurfacing, and Striping on Numerous Roadways in
Rockdale County**

BIDDING DOCUMENTS

For

Rockdale County Department of Transportation (RDOT)

CONTRACT # C-2024-_____

INVITATION TO BID #24-04

ROCKDALE COUNTY, GEORGIA

The Rockdale County Board of Commissioners is soliciting sealed bids to furnish all labor, material, and equipment for **6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing, and Striping on Numerous Roadways in Rockdale County.**

Bids will be accepted until the bid opening date and time on **September 5, 2024 at 2:00 p.m.** in the Department of Finance, 958 Milstead Avenue, Conyers, Georgia 30012. The bid package and specifications are available at www.rockdalecountyga.gov, Doing Business Here, Current Bids.

The 2023 SPLOST rehabilitation contracts goals include several objectives from the Rockdale County Board of Commission, their selected Road Committee members and RDOT engineering staff that will enhance the safety, ride, longevity and drainage of our network of roadways in the County. One of the prime objectives of this contract is to reestablish the correct cross slopes and drainage patterns by utilizing variable depth milling (VDM) open graded interlayer (OGI) and leveling where directed in this resurfacing contract. Special attention should therefore be given to the entirety of the scope of the enclosed ITB during the bidding stages of this project. Further note that all variable depth milling to be performed in advance of any and all patching operations in areas where both are required. The contractors bidding this ITB are encouraged to visit the individual sites prior to submittal of their bid.

A Mandatory Pre-Bid Conference will be held **on August 20, 2024, at 10:00 a.m.** at The Rockdale County Department of Transportation, 2570 Old Covington Highway SW, Conyers, Ga. 30012. Submit questions and/or requests for clarifications regarding this bid no later than **August 29, 2024, by 2:00 p.m.** Written responses from the County to the questions it receives will be issued in an addendum. Any questions and/or misunderstandings that may arise from this BID must be submitted in writing and emailed to the Department of Finance at Adrienne.m.brown@rockdalecountyga.gov. Prime bidders who arrive more than 5 minutes after start of time of the meeting (as stated in the solicitation and by the Procurement representative's watch) or after the discussion portion of the meeting (whichever comes first) may not be permitted to submit a bid on the project. It shall be the Bidders responsibility to seek clarification as early as possible prior to the due date and time. A 5% Bid Bond will be required. A Payment and Performance Bond in the amount of 100% will be required from the awarded vendor.

EQUAL BUSINESS OPPORTUNITY POLICY:

This RFP qualifies for Rockdale County Government EBO program. For questions regarding the EBO program, please contact Stacey Bonner Lewis at stacey.lewis@rockdalecountyga.gov or 770-278-7543.

NOTICE: LIQUIDATED DAMAGES

Per GDOT Definition 101.35 Liquidated Damages:

The fixed charges assessed against the successful Bidder or the Contractor for failure to execute the Contract or to complete the Contract within the Contract Time.

As such please note the following two types of Liquidated Damages for this ITB and subsequent contract:

- A. Since time is an essential element of the Contract and delay in the prosecution of the Work may inconvenience the public, obstruct traffic or interfere with business, charges shall be assessed as liquidated damages not as a penalty, to the Contractor in the amount of \$500.00 per available day for failure to pave (typically OGI) any reclaimed (FDR) road within a maximum of 7 days of its accepted cure date. The accepted cure date shall be the date when the geotechnical engineering consultant has confirmed an average compressive strength of 300 PSI or as directed by the Engineer, at which point, the road will be ready to pave. Rain days shall not be counted as part of the 7 - day window for paving.
- B. For each day after the allotted time frame in the contract that the work is not competed in full with the punch list finished to the satisfaction of the RDOT Director and the County (i.e. 196 days from Notice to Proceed) a per calendar day penalty will be deducted from the payment to the Contractor per GDOT Current edition of the Standard Specifications. Please refer to Section 108 In the GDOT Specifications for further details.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Rockdale County Board of Commissioners until **September 5, 2024, at 2:00 PM**, at the Rockdale County Department of Finance, located at 958 Milstead Avenue, Conyers, Georgia 30012. The **Bids** will be publicly opened and read aloud. No submitted **Bid** may be withdrawn after the scheduled closing time or receipt of **Bids** for a period of ninety (120) days.

The **Work** to be done consists of the following:

6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing, and Striping on Numerous Roadways in Rockdale County

The **Bidder** is required to submit only the **Bid Proposal** with each part signed accordingly, which includes:

1. Completed **Bid** Proposal Form Page
2. **Bid** Bond or Certified Check
3. Certification by Contractor Regarding Non-Segregated Facilities
4. Non-collusion Affidavit of Prime **Bidder**
5. Non-collusion Affidavit of Subcontractor
6. Affidavit Verifying Status for County Public Benefit Application
7. Certifications
8. Contractor Affidavit under O.C.G.A. §13-10-91(b) (1)
9. Subcontractor Affidavit under O.C.G.A. §13-10-91(b) (3) S
10. Subcontractor Affidavit under O.C.G.A. §13-10-91(b) (4)
11. Subcontractor Notification List
12. Completed **Bid** Schedule of Items

Four (4) hard copies and one (1) USB Flash Drive with a copy of the Bid in Adobe PDF format will be required for review purposes.

All **Work** performed for this project will be in accordance with the Georgia Department of Transportation Standard Specifications for Construction of Transportation Systems, 2013 Edition, and any modifications identified in the **Bid** documents.

The **Bidder** shall be responsible for performing with his own organization at least fifty percent (50%) of the **Work** in this contract. The **Bidder** shall not subcontract, transfer, assign, or otherwise dispose of the contract or any portion thereof, without the written consent of the County.

The successful **Bidder** shall secure and pay for necessary approvals, permits, assessments, and changes required for the construction and installation of this project as required by local, state, and federal regulations.

Bidders must comply with Title VI of the Civil Rights Act of 1964, the Anti-Kickback Act, the Contract Work Hour Standard Act, and the National Occupational Safety and Health Act of 1970.

Bidders must certify that they do not and will not maintain or provide for their employees any facilities that are segregated on a basis of race, color, creed, or national origin.

The Rockdale County Board of Commissioners reserves the right to reject all **Bids** and to waive formalities. Any claims for cost incurred by any **Bidder** in preparation of any part of or total package for this project will not be considered for reimbursement by Rockdale County.

The Construction Documents consist of the following, including all addenda issued therewith and forms referenced therein:

Bidding Documents, Sample Contract Agreement, General Conditions, Special Provisions, Appendices.

As part of the **Construction Documents**, Appendices are provided for the **Bidder's** use, which consist of an individual roadway bid schedules indicating estimated quantities for each road segment and typical details. These are for bidding purposes only and do not have to be filled out and submitted. Only the two-page Bid Schedule on pages BD.20 are required for submittal with this ITB package. The **Bidder** is responsible for locating the various project sites based on the termini provided for each roadway in Appendix A. The individual itemized quantity sheets in Appendix A are not, nor are intended to be, an exact measurement of each quantity for each roadway of the **Work**, rather, they are merely included as information to assist the **Bidder** in understanding the probable estimated quantities used to determine the pay quantities for the **Bid Schedule of Items (BD.20)**. **The County may decrease or increase the quantities of work based on the unit prices in the awarded contract and the allocated SPLOST budget for funding this project.**

All questions concerning this invitation and all questions arising subsequent to award are to be emailed to the Procurement Officer at the following email address:

Rockdale County Finance Department Purchasing Division

Attn: Adrienne Brown, Buyer

958 Milstead Avenue

Conyers, GA 30012

Phone: (770) 278-7557, Fax (770) 278-8910

E-mail: adrienne.m.brown@rockdalecountyga.gov

TORT IMMUNITY:

No officer, employee, or agent of the County acting within the scope of his/her employment or function shall be held personally liable in tort or named as a defendant in any action for injury or damage suffered because of any act, event, or failure to act.

SILENCE OF SPECIFICATIONS

The apparent silence of these specifications and any supplemental specifications as to any details, or the omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size and design are to be used. All workmanship is to be first quality. All interpretations of this specification shall be made upon the basis of this statement, with County interpretation to prevail.

OPTION TO AUDIT

Successful bidder will be required to maintain complete records during the life of the contract and for a period of one year after completion of the contract. Such records are to be made available to the County if officially requested, to be audited by a designated County auditing staff. In such audits reveal overcharges and/or undercharges, such will be adjusted and compensation made by either party to correct charges.

BID PROPOSAL, page 1 of 3

Proposal of _____ (hereinafter called "**Bidder**"), a contractor organized and existing under the laws of the State of Georgia, *an individual, a corporation, a partnership doing business as: _____.

TO: Rockdale County
(Hereinafter called "**County**")

Gentlemen:

The **Bidder** in compliance with your Notice to Contractors and all Bidding Documents for the following work:

6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing, and Striping on Numerous Roadways in Rockdale County.

Having examined the plans and specifications with related documents and the site of the proposed **Work**, and being familiar with all of the conditions surrounding the construction of the proposed projects, including the availability of materials and supplies to construct the projects in accordance with the contract documents, within the time set forth herein, and at the prices stated below, proposes to enter into a Contract with Rockdale County to provide the necessary machinery, tools, apparatus, all materials and labor, and other means of construction necessary to complete the **Work**. The undersigned proposes to furnish and construct the items listed in the attached Schedule of Items for the unit prices stated.

Bidder agrees that the cost of any **Work** performed, materials furnished, services provided, or expenses incurred, which are not specifically delineated in the Contract Documents, but which are incidental to the scope, intent, and completion of the Contract, shall be deemed to have been included in the prices **Bid** for the various items scheduled.

Bidder further proposes and agrees hereby to promptly commence the **Work** with adequate force and equipment within ten (10) calendar days from receipt of Notice to Proceed, or as may be specified by Special Provision, and to complete the **Work in 196 days from Notice to Proceed**, or as may be specified by Special Provisions.

Any millings are to be considered the property of Rockdale County and are to be returned by Contractor to Rockdale County Department of Transportation, located at 2570 Old Covington Hwy, SW, Conyers, GA 30012.

BID PROPOSAL, page 2 of 3

Bidder assumes the responsibility to download all addenda published on the Rockdale County website prior to submittal of his **Bid** and accepts that failure to acknowledge receipt of each and every addendum individually is grounds for finding the **Bid** non-responsive. **Bidder** hereby acknowledges receipt of the following addenda:

The undersigned further agrees that in case of failure on his part to execute said contract and bond, or provide satisfactory proof of carriage of the insurance required, within ten (10) calendar days after the award thereof, the **Bid Bond** or certified check accompanying his **Bid** and the money payable thereon shall be forfeited to the **County** as liquidated damages; otherwise, the check or Bond accompanying this proposal shall be returned to the **Bidder**.

The **Bidder** declares that he understands that the quantities shown on the proposal are subject to adjustment by either increase or decrease, and that should the quantities of any of the items of **Work** be increased, the undersigned proposes to do the additional **Work** at the unit prices stated herein; and should the quantities be decreased, he also understands that payment will be made on actual quantities at the unit price **Bid** and will make no claim for anticipated profits for any decrease in the quantities, and that actual completed, final quantities will be determined upon completion of **Work** and acceptance by the **County**, at which time adjustment will be made to the Contract amount by direct increase or decrease.

Attached hereto is a **Bid** bond or certified check on the (Bank) _____ in the amount of _____, (Five percent (5%) of

Total Amount **Bid**).

The full name and residence of persons or parties interested in the foregoing **Bid** as contractors are named as follows:

BID BOND, page 1 of 2

Five Percent (5%) of **Bid**

KNOW ALL MEN BY THESE PRESENTS, that we, the undersigned

_____, as **Contractor**, and

_____, as **Surety**, are

hereby held and firmly bound unto ROCKDALE COUNTY, GEORGIA, as **County**, in the penal sum of _____ Dollars

(\$ _____) for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors, and assigns.

Signed this _____ day of _____, 2024.

The condition of the above obligation is such that whereas the **Contractor** has submitted to ROCKDALE COUNTY, GEORGIA a certain **Bid** attached hereto and hereby made a part hereof to enter into a contract in writing for the following work:

Furnish all labor, materials, and equipment for 6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing, and Striping on Numerous Roadways in Rockdale County.

NOW, THEREFORE,

- (a) If said **Bid** shall be rejected or in the alternate,
- (b) If said **Bid** shall be accepted and the **Contractor** shall execute and deliver a Contract in the Form of Contract attached hereto (properly complete in accordance with said **Bid**) and shall furnish a bond for his faithful performance of said Contract and for the payment of all persons performing labor or furnishing material in connection therewith, and shall in all other respects perform the agreement created by the acceptance of said **Bid**, then this obligation shall be void, otherwise the same shall remain in force and effect; it being expressly understood and agreed that the liability of the **Surety** for any and all claims hereunder shall, in no event, exceed the penal amount of this obligation as herein stated.

The **Surety**, for value received, hereby stipulates and agrees that the obligations of said **Surety** and its bond shall be in no way impaired or affected by any extension of the time within which the **County** may accept such **Bids**, and said **Surety** does hereby waive notice of any such extension.

BID BOND, page 2 of 2

IN WITNESS WHEREOF, the **Contractor** and the **Surety** have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, the day and year first set forth above.

CERTIFICATION BY CONTRACTOR
Regarding
NON-SEGREGATED FACILITIES

The **Bidder** certifies that he does not, and will not, provide and maintain segregated facilities for his employees at his establishments and, further that he does not, and will not, permit his employees to perform their services at those locations, under his control, where segregated facilities are provided and maintained. Segregated facilities include, but are not necessarily limited to, drinking fountains, transportation, parking, entertainment, recreation, and housing facilities; waiting, rest, wash, dressing, and locker rooms, and time clock, **Work**, storage, restaurant, and other eating areas which are set apart in fact, or by explicit directive, habit, local custom, or otherwise, on the basis of color, creed, national origin, and race. The **Bidder** agrees that, except where he has obtained identical certifications from proposed subcontractors for specific time periods, he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000.00 which are not exempt from the provisions of the Equal Opportunity clause, and that he will retain such certifications in his files.

The **Bidder** agrees that a breach of this certification is a violation of the Equal Opportunity clause in this Contract. The penalty for making false statements is prescribed in 18 U.S.C. 1001.

**Affidavit Verifying Status
for County Public Benefit Application**

By executing this affidavit under oath, as an applicant for the award of a contract with Rockdale, County Georgia, I _____. [Name of natural person applying on behalf of individual, business, corporation, partnership, or other private entity] am stating the following as required by O.C.G.A. Section 50-36-1:

1) _____ I am a United States citizen

OR

2) _____ I am a legal permanent resident 18 years of age or older or I am an otherwise qualified alien or non-immigrant under the Federal Immigration and Nationality Act 18 years of age or older and lawfully present in the United States.*

In making the above representation under oath, I understand that any person who knowingly and willfully makes a false, fictitious, or fraudulent statement or representation in an affidavit shall be guilty of a violation of Code Section 16-10-20 of the Official Code of Georgia.

My commission Expires:

***Note:** O.C.G.A. § 50-36-1(e)(2) requires that aliens under the federal Immigration and Nationality Act, Title 8 U.S.C., as amended, provide their registration number. Because legal permanent residents are included in the federal definition of “alien”, legal permanent residents must also provide their alien registration number. Qualified aliens that do not have an alien registration number may supply another identifying number below.

CERTIFICATIONS

Page 1 of 2

Failure to complete appropriate certification requirements identified below or submission of a false certification shall render the **Bid** non-responsive.

EXAMINATION OF PLANS AND SPECIFICATIONS

I certify that I have carefully examined the Construction Documents for this project and the Georgia Department of Transportation Standard Specifications, 2021 Edition, and the Supplemental Specifications and Special Provisions included in and made a part of this Proposal and have also personally examined the sites of the **Work**. On the basis of the said Specifications and Documents, I proposed to furnish all necessary labor, machinery, tools, apparatus and other means of construction, and do all the **Work** and furnish all the materials in the manner specified.

I understand that any quantities mentioned or provided are approximate only and are subject to either increase or decrease and hereby propose to perform any increased or decreased quantities of **Work** or extra **Work** on the basis provided for in the specifications.

I also hereby agree that Rockdale County would suffer damages in a sum equal to at least the amount of the enclosed Proposal Guaranty, in the event my Proposal should be accepted and a Contract tendered me thereunder and I should refuse to execute same and furnish bond as herein required, in consideration of which I hereby agree that, in the event of such failure on my part to execute said Contract and furnish bond within ten (10) days after the date of the letter transmitting the Contract to me, the amount of said Proposal Guaranty shall be and is hereby, forfeited to Rockdale County as liquidated damages as the result of such failure on my part.

I further propose to execute the Contract agreement described in the Specifications as soon as the **Work** is awarded to me, and to begin and complete the **Work** within the time limit provided. I also propose to furnish a Contract Bond, approved by the Rockdale County Board of Commissioners as required by the laws of the State of Georgia. This bond shall not only service to guarantee the excellence of both workmanship and materials until the **Work** is finally accepted, as well as to fully comply with all the laws of the State of Georgia.

CERTIFICATIONS

ROCKDALE COUNTY GOVERNMENT
EQUAL BUSINESS OPPORTUNITY PROGRAM

Rockdale County Government Equal Business Opportunity (“EBO”) Program ordinance promotes opportunities for Historically Underutilized Businesses (“HUBs”) and Small Business Enterprises (“SBEs”) and protects all contracting applicants from unlawful discrimination. Under the EBO ordinance, bids for any project totaling \$100,000 or more in value must demonstrate good faith efforts to make work available to HUBs and SBEs. The ordinance is aspirational and seeks to maximize contracting opportunities for HUBs and SBEs. Specific outreach and reporting requirements are detailed in the EBO Ordinance and accompanying EBO policy document adopted by the Rockdale County Board of Commissioners, both of which are attached here.

In accordance with the terms of the EBO ordinance, all contracting shall be awarded without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition. No portion of the EBO ordinance requires contractors or subcontractors to make purchases of materials or equipment from HUBs who do not submit the lowest responsible, responsive bid.

Please refer to the attached EBO ordinance and EBO policy document for further details.

**ROCKDALE COUNTY GOVERNMENT
EBO PROGRAM
CONTRACT COMPLIANCE REQUIREMENTS**

**AFFIDAVIT – SCHEDULE OF INTENDED SUBCONTRACTOR UTILIZATION PLAN
(UTILIZATION PLAN)**

The Utilization Plan is designed to enhance the utilization of a Historically Underutilized Business (HUB) or a Small Business Enterprise (SBE) by a bidder/proposer, contractor, or vendor. The bidder/proposer **must** outline a plan of action to encourage and achieve diversity and equality in the available procurement and contracting opportunities with bid/proposal.

DETERMINATION OF GOOD FAITH

The Prime Contractor must demonstrate that they have made reasonable, good faith efforts to ensure that certified firms have had a full and fair opportunity to compete and win subcontracts on this project. The Prime Contractor is required to include all outreach attempts that would demonstrate a “Good Faith Effort” in the solicitation of sub-consultants/subcontractors.

Documentation of efforts made by the Prime Contractor regarding this project should be documented using the Subcontractor Contact Form.

AFFIDAVIT – CONTRACTOR ONLY USAGE

A contractor that performs all the work under a contract with its own workforce may submit an affidavit.

UTILIZATION REPORTING (Post Award)

The successful bidder/proposer will be required to report **all** payments to subcontractors, sub-consultants, and suppliers (if applicable) by the 15th day of the month to the EBO Administrator.

**ROCKDALE COUNTY GOVERNMENT
AFFIDAVIT - SCHEDULE OF INTENDED SUBCONTRACTOR UTILIZATION**

This form **must be** completed and **submitted with the bid/proposal**. All prime bidders/proposers **must** submit this form which lists all intended subcontractors/suppliers who will be utilized under the scope of work/services.

Prime Bidder/Proposer Company Name _____

ITB/RFP Name & Number: _____

1. My firm, as **Prime Bidder/Proposer** on this scope of work/service(s) is **NOT** , **is** a Historically Underutilized Business or Small Business Enterprise.

Indicate below the portion of work, including, percentage of bid/proposal amount that your firm will carry out directly as the Prime Contractor:

\$ _____ Or _____ %

2. This information below must be completed and submitted with the bid/proposal if a **joint venture (JV)** approach is to be undertaken. Please provide JV breakdown information below and attach a copy of the executed Joint Venture Agreement.

JV Partner(s) information:

CERTIFICATION: The undersigned certifies that he/she has read, understands, and agrees to be bound by the Bid/Proposer provisions. The undersigned further certifies that he/she is legally authorized by the Bidder/Proposer to make the statement and representation and that said statements and representations are true and correct to the best of his/her knowledge and belief. The undersigned understands and agrees that if any of the statements and representations are made by the Bidder/Proposer knowing them to be false, or if there is a failure of the intentions, objectives and commitments set forth herein, then in any such event the Contractor's acts or failure to act, as the case may be, shall constitute a material breach of the contract, entitling the County to terminate the Contract for default. The right to so terminate shall be in addition to, and in lieu of, any other rights and remedies the County may have for other defaults under the contract.

By submitting this form, it is understood that every firm listed as a subcontractor has been properly notified and will participate.

AN ORDINANCE AMENDING DIVISION 3 OF ARTICLE VI OF CHAPTER 2 OF THE CODE OF ROCKDALE COUNTY, GEORGIA PROVIDING AUTHORIZATION FOR AN EQUAL OPPORTUNITY PROGRAM FOR ROCKDALE COUNTY

WHEREAS, it is the policy of Rockdale County to encourage maximization of contracting opportunities with Historically Underutilized Businesses;

WHEREAS, the Rockdale County Board of Commissioners promulgates this ordinance as the official policy of Rockdale County.

NOW, THEREFORE BE IT ORDAINED by the Board of Commissioners of Rockdale County, Georgia, and it is, hereby, ordained by the authority of same, as follows:

That Division 3 of Article VI of Chapter 2 of the Code of Rockdale County, Georgia be amended, to create, as follows:

“Section 2-221. Equal Business Opportunity Program”

A. As used in this section:

1. The term “Contracting Authority” means any board, commission, body, or subdivisions of Rockdale County that exercises any authority to award a contract through a formal bidding process.
2. The term “Historically Underutilized Businesses” means a firm that is an independent and continuing enterprise for profit:
 - a. In which at least fifty-one percent (51%) is owned by one or more minority persons or socially and economically disadvantaged individuals, or in the case of a corporation, in which at least fifty-one percent (51%) of the stock is owned by one or more minority persons or socially and economically disadvantaged individuals; and
 - b. Of which the management and daily business operations are controlled by one or more of the minority persons or socially and economically disadvantaged individuals who own it.
3. The term “minority person” means a person who is a citizen or lawful permanent resident of the United States and who is:
 - a. Black, that is, a person having origins in any of the black racial groups in Africa;
 - b. Hispanic, that is, a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race;

- c. Asian American, that is, a person having origins in any of the original peoples of the Far East, Southeast Asia and Asia, the Indian subcontinent, or the Pacific Islands;
 - d. American Indian, that is, a person having origins in any of the original Indian peoples of North America; or
 - e. Female.
 - 4. The term “socially and economically disadvantaged individual” means a person who is a citizen or lawful permanent resident of the United States and who is:
 - a. A veteran of the armed forces of the United States;
 - b. Physically or mentally disabled in a manner that substantially limits one or more of the major life activities of a person; or
 - c. Capable of demonstrating some other form of economic or social disadvantage, as articulated in 13 CFR § 124.104.
 - 5. The term “Small Business Enterprises” means a firm that is an independent and continuing enterprise for profit for which the gross revenues or number of employees, inclusive of any affiliates as defined by 13 CFR 121.103, does not exceed the size standard for its industry as defined by 13 CFR 121.201 (as further explained in 13 CFR 121.104 through 121.107), and is certified as such.
- B. It is the policy of Rockdale County to encourage maximization of contracting opportunities with Historically Underutilized Businesses.
- C. All Contracting Authorities shall strive to maximize contracting opportunities with Historically Underutilized Businesses. Where feasible, preference should be given to such businesses that are in Rockdale County or that employ a majority of their workforce in Rockdale County.
- D. All Contracting Authorities shall establish prior to solicitation of bids for any project totaling \$100,000 or more, the good faith efforts that it will take to make it feasible for Historically Underutilized Businesses to submit successful bids or proposals for the contract. Each first-tier subcontractor shall comply with the requirements applicable to contractors under this subsection.
- E. Each bidder for a contract from a Contracting Authority shall identify on its bid the Historically Underutilized Businesses that it will use in fulfilling the contract and an affidavit listing the good faith efforts it has made pursuant to subsection (g) of this section and the total dollar value of the bid that will be performed by the Historically Underutilized Businesses. A contractor that performs all the work under a contract with its own workforce may submit an affidavit to that effect in lieu of the affidavit otherwise required under this subsection. The apparent lowest responsible, responsive bidder shall also file the following:

1. Within the time specified in the bid documents, either:
 - a. An affidavit that includes a description of the portion of work to be executed by Historically Underutilized Businesses, expressed as a percentage of the total contract price, which is equal to or more than the applicable goal. An affidavit under this sub-subdivision shall give rise to a presumption that the bidder has made the required good faith or effort; or
 - b. Documentation of its good faith effort to meet the goal. The documentation must include evidence of all good faith efforts that were implemented, including any advertisements, solicitations, and evidence of other specific actions demonstrating recruitment and selection of minority businesses for participation in the contract.
2. Within 30 days after awarding the contract, a list of all identified subcontractors that the contractor will use on the project.

Failure to file a required affidavit or documentation that demonstrates that the contractor made the required good faith effort is grounds for rejection of the bid.

- F. No subcontractor who is identified and listed pursuant to subsection (d) of this section may be replaced with a different subcontractor except:
 1. If the subcontractor's bid is later determined by the contractor to be nonresponsible or nonresponsive, or the listed subcontractor refuses to enter into a contract for the complete performance of the bid work, or
 2. With the approval of the Contracting Authority for good cause.
- G. Before awarding a contract, the Contracting Authority shall do the following:
 1. Develop and implement a Historically Underutilized Business participation outreach plan to identify Historically Underutilized Businesses that can perform necessary services and to implement outreach efforts to encourage Historically Underutilized Business participation in these projects.
 2. At least 10 days prior to the scheduled day of bid opening, notify Historically Underutilized Businesses that have requested notices from the Contracting Authority and Historically Underutilized Businesses that otherwise indicated to the County an interest in the type of work being bid or the potential contracting opportunities listed in the proposal. The notification shall include the following:
 - a. A description of the work for which the bid is being solicited.
 - b. The date, time, and location where bids are to be submitted.

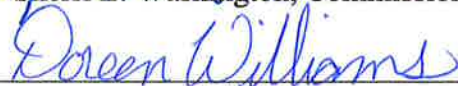

- c. The name of the individual within the public entity who will be available to answer questions about the project.
 - d. Where bid documents may be reviewed.
 - e. Any special requirements that may exist.
3. Utilize other media, as appropriate, likely to inform potential Historically Underutilized Businesses of the bid being sought.
- H. The Contracting Authority may designate certain procurement projects or contracts as available for bid and award only to certified Small Business Enterprises. The small business reserve designation for a particular project is discretionary on the part of the Contracting Authority and should be applied only where there is a reasonable expectation that there will be at least three responsible and responsive bids for certified Small Business Enterprises and that the award will be made at a fair market price/value. To obtain a small business reserve program project, the bidding Small Business Enterprise must self-perform a significant percentage of the contracted work (a minimum of 50 percent).
 - I. All Contracting Authorities shall award contracts without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition. Nothing in this section shall be construed to require contractors or awarding authorities to award contracts or subcontracts to or to make purchases of materials or equipment from Historically Underutilized Business who do not submit the lowest responsible, responsive bid or bids.
 - J. Each Contracting Authority shall submit to the Board an annual report demonstrating compliance with this code section.
 - K. Nothing herein shall apply to any contracts solicited or awarded before the passage of this code section.
 - L. For any projects involving the use of federal funds, no term of this ordinance shall apply if it conflicts with the requirements imposed under federal law for that project.
 - M. If any provision or clause of this code section or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this code section which can be given effect without the invalid provision or application, and to this end the provisions of this code section are declared to be severable.
 - N. The terms of this ordinance shall expire five years from the date of its enactment if not renewed by the Rockdale County Board of Commissioners.

Adopted this 12th day of December, 2023.

EQUAL BUSINESS OPPORTUNITY

This document provides guidelines for implementation of the County's Equal Business Opportunity ordinance, which encourages maximization of contracting opportunities with Historically Underutilized Businesses.

I. PURPOSE

The purpose of these policies and procedures is to provide guidelines for implementation of the Rockdale County Equal Business Opportunity ("EBO") ordinance. [Ord. No. 0-2023-R9]

II. DEFINITIONS

All terms used herein shall have the definitions provided in the EBO ordinance.

III. EBO MAXIMIZATION GOAL

To maximize contracting opportunities with Historically Underutilized Businesses, Contracting Authorities shall strive for a goal of at least fifteen percent (15%) of contracts being awarded to Historically Underutilized Businesses. This goal shall be measured by the total value of work for each County building project, including building projects done by a private entity on a facility to be leased or purchased by the County.

IV. ADMINISTRATION

- A. Administration of the EBO ordinance shall be done by the Procurement department of Rockdale County (the "EBO Administrator").
- B. Prior to solicitation of bids for any project totaling \$100,000 or more, the Contracting Authority shall submit to the EBO Administrator its Historically Underutilized Business participation outreach plans.
- C. Following solicitation of bids for any project totaling \$100,000 or more, the Contracting Authority shall submit to the EBO Administrator a report of its compliance with the Historically Underutilized Business participation outreach plan submitted pursuant to subsection B.
- D. The EBO Administrator shall prepare an annual report to the Rockdale County Board of Commissioners detailing all contracts solicited and all contracts awarded pursuant to the EBO ordinance. This report shall include the value of all contracts awarded to Historically Underutilized Businesses or Small Business Enterprises as both prime contractors and subcontractors.
- E. The EBO Administrator shall encourage all Contracting Authorities to use CM at Risk.

V. CERTIFICATION

- A. To demonstrate a firm's qualifications as a Historically Underutilized Business, Rockdale County will accept:
1. Certification from the State of Georgia, City of Atlanta, or any local, state, or federal government agency;
 2. Certification from any private party accredited to provide business certification; or
 3. Self-certification as sworn to in a notarized statement under penalty of perjury, with any accompanying documentation.

VI. OUTREACH ACTIVITIES

- A. Outreach activities that can be part of a Historically Underutilized Business participation outreach plans include, but are not limited to, the following:
1. Attending trade fairs;
 2. Hosting business workshops;
 3. Hosting pre-bid conferences;
 4. Advertising; and
 5. Any other activities reasonably likely to increase participation in the bidding process by Historically Underutilized Businesses.

VII. GOOD FAITH EFFORTS

- A. The Contracting Authority shall require bidders to undertake the following good faith efforts, where applicable:
1. Contacting Historically Underutilized Businesses that reasonably could have been expected to submit a quote and that were known to the Contracting Authority lists at least 10 days before the bid or proposal date and notifying them of the nature and scope of the work to be performed.
 2. Making the construction plans, specifications and requirements available for review by prospective Historically Underutilized Businesses or providing these documents to them at least 10 days before the bid or proposals are due.
 3. Breaking down or combining elements of work into economically feasible units to facilitate participation by Historically Underutilized Businesses.
 4. Working with organizations for Historically Underutilized Businesses that provide assistance in recruitment of Historically Underutilized Businesses.

5. Providing assistance in getting required bonding or insurance or providing alternatives to bonding or insurance for subcontractors.
6. Negotiating in good faith with interested Historically Underutilized Businesses and not rejecting them as unqualified without sound reasons based on their capabilities. Any rejection of a Historically Underutilized Businesses based on lack of qualification should have the reasons documented in writing.
7. Providing assistance to an otherwise qualified Historically Underutilized Businesses in need of equipment, loan capital, lines of credit, or joint pay agreements to secure loans, supplies, or letters of credit, including waiving credit that is ordinarily required. Assisting Historically Underutilized Businesses in obtaining the same unit pricing as the bidder's suppliers to help Historically Underutilized Businesses in establishing credit.
8. Negotiating joint venture and partnership arrangements with Historically Underutilized Businesses to increase opportunities for Historically Underutilized Businesses to participate in County projects when possible.
9. Providing quick pay agreements and policies to enable Historically Underutilized Business contractors and suppliers to meet cash-flow demands.

VIII. SUBCONTRACTING

Every contract awarded pursuant to the process outlines in the EBO ordinance shall include a provision requiring all first-tier subcontractors to comply with the requirements applicable to contractors under the EBO ordinance.

IX. INCORPORATION

A bidder's commitment to abide by the terms of the EBO ordinance, and the good faith efforts it intends to undertake, shall be incorporated into the terms of any contract awarded to that bidder.

X. SMALL BUSINESS ENTERPRISE

A. A Small Business Enterprise may be certified in the following ways:

1. a filed letter or other documentation from the United States Small Business Administration that establishes that the firm is certified as an 8(a) firm, small business enterprise, small disadvantaged business enterprise, or HUBZone firm;
2. a letter or other documentation from the City of Atlanta, MARTA, or Georgia Department of Transportation (GDOT) that establishes that the firm is certified as a DBE; or
3. small business certification from a certifying agency within Georgia that applies the small business size standards consistent with or less than the applicable revenue and

employment size standards for small businesses established by the United States Small Business Administration and meets other county criteria related to SBE certification.

XI. REPORTING

- A. Each Contracting Authority's annual report to the Board shall include the following:
 - 1. A listing of all contracts awarded in in the prior year, including the dollar value of each contract for both prime contractors and subcontractors;
 - 2. For each contract listed, the efforts taken, if any, to award the contract to a Historically Underutilized Business or Small Business Enterprise;
 - 3. Whether each contract was ultimately awarded to a Historically Underutilized Business or Small Business Enterprise; and
 - 4. The value of all contracts awarded to Historically Underutilized Businesses or Small Business Enterprises as both prime contractors and subcontractors.
- B. Each contractor must report payments made to the Historically Underutilized Business subcontractors to the County on a monthly basis by no later than the 15th of the month.

Approved this 12 day of December, 2023.

ROCKDALE COUNTY, GEORGIA

INVITATION TO BID #24-04

**SPLOST #5A ROADWAY REHABILITATION – FDR
6 Miles of Roadway Rehabilitation, including Full Depth
Reclamation, Resurfacing, and Striping on Numerous Roadways in
Rockdale County**

CONTRACT AGREEMENT

For

Rockdale County Department of Transportation (RDOT)

CONTRACT # C-2024 - _____

CONTRACT AGREEMENT

THIS AGREEMENT made by and between ROCKDALE COUNTY, GEORGIA, hereinafter called "**County**", and _____ a contractor doing business as a corporation of the City of _____, County of _____, and State of _____, hereinafter called "**Contractor**".

WITNESSETH: that for and in consideration of the payments and agreements hereinafter mentioned, to be made and performed by the **County**, the **Contractor** hereby agrees to commence and complete the construction described as follows:

6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing, and Striping on Numerous Roadways in Rockdale County

hereinafter called the "Project", for the sum of **\$XXX,XXX.XX (XXX, XX, and XX Cents)** and all extra work in connection therewith, under the terms as stated in the General Conditions, Special Provisions, Appendices and Detailed Specifications of the Contract, and at **Contractor's** own cost and expense necessary to furnish all materials, supplies, machinery, equipment, tools, superintendence, labor, insurance, and other accessories and services to complete the said project in accordance with the conditions and prices stated in the proposal, the General Conditions, Special Provisions, Appendices, and Detailed Specifications of the Contract, the plans, which include all explanatory matter thereof, as prepared by Rockdale County, the specifications and contract documents as enumerated in Section 105.04 of the General Conditions, hereinafter called the "**Work**", all of which are made a part hereof and collectively constitute the Contract.

The **Contractor** shall promptly commence the Work with adequate force and equipment within ten (10) calendar days from receipt of Notice to Proceed, or as may be specified by Special Provision, and to complete the Work by **196 Days from Notice to Proceed** or as may be specified by Special Provision.

The **County** agrees to pay the **Contractor** in current funds for the performance of the Contract subject to additions and deductions as provided in the General Conditions of the Contract, and to make payments on account thereof as provided in Section 109 of the Specifications, as modified in the General Conditions and Special Provisions.

Any millings are to be considered the property of Rockdale County and are to be returned by Contractor to Rockdale County Department of Transportation, located at 2570 Old Covington Hwy, SW, Conyers, GA 30012.

KNOW ALL MEN BY THESE PRESENTS: that, _____, as Principal, hereinafter called **Contractor**, and _____, a corporation organized and existing under the laws of the State of _____, hereinafter called **Surety**, are held and firmly bound unto ROCKDALE COUNTY, GEORGIA, as obligee, hereinafter called **County**, in the amount of **\$XXX,XXX.XX (XXX, XXX, XXX and XX Cents)** for the payment whereof **Contractor** and **Surety** bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, **Contractor** has by written agreement dated _____, 202__, entered into a contract with the **County** to:

Furnish all labor, materials, and equipment for 6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing & Striping on Numerous Roadways in Rockdale County.

in accordance with drawings and specifications prepared by Rockdale County, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, the condition of this obligation is such that, if **Contractor** shall promptly and faithfully perform said Contract, then this obligation shall be null and void, otherwise it will remain in full force and effect.

The **Surety** hereby waives notice of any alteration or extension of time made by the **County**.

Whenever **Contractor** shall be, and declared by **County** to be, in default under the Contract, the **County** having performed **County's** obligation thereunder, the **Surety** may promptly remedy the default, or shall promptly:

1. Complete the Contract in accordance with its terms and conditions; or,
2. Obtain a bid or bids for completing the Contract in accordance with its terms and conditions, and upon determination by **Surety** of the lowest bidder, or, if the **County** elects, upon determination by the **County** and **Surety** jointly of the lowest responsible bidder, arrange for a Contract between such Bidder and the **County**, and make available as work progresses (even though there should be a default or a succession of defaults under the Contract or Contract of Completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the Contract price; but not exceeding, including other costs and damages for which the **Surety** may be liable hereunder, the amount set forth in the first paragraph hereof. The term "Balance of the Contract Price", as used in this paragraph shall mean the total amount payable by **County** to **Contractor** under the Contract and any amendments hereto, less the amount properly paid by **County** to **Contractor**.

100% PERFORMANCE BOND

page 1 of 2

KNOW ALL MEN BY THESE PRESENTS: that, _____, as Principal, hereinafter called **Contractor**, and _____, a corporation organized and existing under the laws of the State of _____, hereinafter called **Surety**, are held and firmly bound unto ROCKDALE COUNTY, GEORGIA, as obligee, hereinafter called **County**, in the amount of **\$XXX,XXX.XX (XXX, XXX, XXX, XXX, and XX cents)** for the payment whereof **Contractor** and **Surety** bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Contractor as by written agreement dated _____, 202__, entered into a Contract with County to:

6 Miles of Roadway Rehabilitation, including Full Depth Reclamation, Resurfacing, and Striping on Numerous Roadways in Rockdale County

in accordance with drawings and specifications prepared by Rockdale County, which contract is by reference made a part hereof, and is hereafter referred to as the Contract.

NOW, THEREFORE, the condition of this obligation is such that if the Contractor shall promptly make payment to all claimants as is herein below defined, for all labor and materials used or reasonably required for use in the performance of the Contract, this obligation shall be null and void; otherwise, it shall remain in full force and effect subject, however, to the following conditions:

1. A claimant is defined as one having a direct contract with the Contractor or with a Subcontractor of the Contractor for labor, material, or both, used or reasonably required for use in the performance of the Contract; labor and material being construed to include that part of water, gas, power, light, heating oil, gasoline, telephone service, rental of equipment, or repair of equipment directly applicable to the Contract.
2. The above-named Contractor and Surety hereby jointly and severally agree with the County that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The County shall not be liable for the payment of any costs or expenses of any such suit.
3. No suit or action shall be commenced hereunder by any claimant:
 - A. Unless claimant, other than one having a direct contract with the Contractor, shall have given written notice to any two of the following: the Contractor, the County, or the Surety above-

100% LABOR AND MATERIAL PAYMENT BOND
page 2 of 2

named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Contractor, the County, or the Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the State in which the aforesaid project is located, save that such service need not be made by a public officer.

- B. After one year from the completion of the Contract and the acceptance by County of the Work thereunder; it being understood, however, that if any limitation embodied in this bond is prohibited by any law controlling the construction hereof, such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.
 - C. Other than in a state court of competent jurisdiction in and for the County or other political subdivision of the State in which the Project, or any part thereof, is situated, or in the United States District Court for the district in which the Project, or any part thereof, is situated and not elsewhere.
4. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety for mechanics' liens which may be filed on record against improvement, whether or not claim for the amount of such lien be presented under and against this bond.

SPLOST #5A ROADWAY REHABILITATION – FDR

**6 Miles of Roadway Rehabilitation, including Full Depth
Reclamation, Resurfacing, and Striping on Numerous Roadways in
Rockdale County**

GENERAL CONDITIONS

For

Rockdale County Department of Transportation (RDOT)

CONTRACT # C-2024-_____

GENERAL CONDITIONS

Unless otherwise directed, all work performed under contract shall be in accordance with the Georgia Department of Transportation Standard Specifications, Construction of Roads and Bridges, Current Edition, and any supplemental specification modifying them except as noted below and in the special provisions.

MODIFICATIONS OF STANDARD SPECIFICATIONS:

SECTION 101 - DEFINITION AND TERMS

Section 101.10 BOARD

Delete as written and substitute the following:

"BOARD OF COMMISSIONERS OF ROCKDALE COUNTY, GEORGIA";

Section 101.13 CHIEF ENGINEER

Delete as written and substitute the following:

"THE ROCKDALE COUNTY DIRECTOR OF TRANSPORTATION"

Section 101.14 COMMISSIONER

Delete as written and substitute the following:

"THE CHAIRMAN OF THE BOARD OF COMMISSIONERS OF ROCKDALE COUNTY"

Section 101.16 CONTRACT

Delete the second paragraph and substitute the following:

"The Contract Documents shall be composed of the Advertisement for Bid; Notice to **Contractors**; Form of Bid Proposal; General Conditions; Special Provisions; Detail Specifications, as identified in Section 105.04; Form of Contract; Form of Bond(s); Addenda; the drawings, including all changes incorporated herein before their execution; and also any Change Orders and Supplemental Agreements that are required to complete the construction of The Work in an acceptable manner, including authorized extensions thereof, all of which constitute one instrument. No oral agreement or orders are to be considered as valid or as a part of the Contract."

Section 101.22 DEPARTMENT

Delete as written and substitute the following:

"THE ROCKDALE COUNTY DEPARTMENT OF TRANSPORTATION"

Section 101.24 ENGINEER

Delete as written and substitute the following:

"THE ROCKDALE COUNTY DIRECTOR OF TRANSPORTATION, ACTING DIRECTLY OR THROUGH HIS DULY AUTHORIZED REPRESENTATIVES."

Section 101.62 STATE HIGHWAY ENGINEER

Delete as written and substitute the following:

"THE ROCKDALE COUNTY DIRECTOR OF TRANSPORTATION, ACTING DIRECTLY OR THROUGH HIS DULY AUTHORIZED REPRESENTATIVES."

Section 101.74 SUPPLEMENTAL AGREEMENT

Retain as written and add the following:

"Any Supplemental Agreement that has a dollar value amount that is less than \$25,000.00 shall not require the assent of the Surety."

Section 101.81 TREASURER

Delete as written and substitute the following:

"THE ROCKDALE COUNTY DIRECTOR OF FINANCE"

Add Section 101.84:

Section 101.84 "COUNTY: THE ROCKDALE COUNTY BOARD OF COMMISSIONERS"

SPECIFICATIONS INCLUDE, BUT ARE NOT LIMITED TO:

- Section 101 Definition and Terms
- Section 106 Control of Material
- Section 108 Prosecution and Progress
- Section 150 Traffic Control
- Section 205 Roadway Excavation
- Section 315 Cement Stabilized Reclaimed Base Construction (CSRB)
- Section 325 Stabilized Base Material for Patching
- Section 400 Hot Mix Asphaltic Concrete Construction
- Section 402 Hot Mix Asphaltic Concrete
- Section 412 Bituminous Prime
- Section 413 Bituminous Tack Coat
- Section 415 Asphaltic Concrete Open Graded Crack Relief Interlayer
- Section 432 Mill Asphaltic Concrete Pavement
- Section 611 Relaying, Reconstructing, or Adjusting to Grade of Miscellaneous Roadway Structures
- Section 653 Thermoplastic Traffic Stripe
- Section 654 Raised Pavement Markers
- Section 828 Hot Mix Asphaltic Concrete Mixtures

SCOPE OF WORK

ROADWAYS:

The loop and pulse detectors specified in the Bid Schedule will be replaced as necessary. While the plan is not to mill thru the existing loops and replace all, but should a loop need to be replaced due to construction operations, it will be as directed by Engineer or Inspector.

The specific typical sections to be used on each roadway segment can be discussed at the Mandatory Pre-Bid Meeting. The individual sheets in Appendix Section depict estimated quantities for the project. The overarching goal of this resurfacing contract is to provide smooth, safe, well-draining roadways for the County. As such special emphasis will be placed on brining the in situ grade back to a 2% cross slope with center crown wherever possible. The successful bidder of this contract will always be required to have a 4-foot digital smart level on the project to ensure that the variable depth milling, leveling and final riding surface are performed in a consistent manner to achieve this overarching goal for the County and its ratepayers. All variable depth milling shall occur in advance of the deep patching operations in all areas where both treatments are required.

Georgia Department of Transportation standard details are to be used as applicable, or as directed by Engineer. Milling and paving crew shall always have a fully functional calibrated 4-foot digital smart level on the project to rehabilitate the roadway sections to the proper cross slope and super elevation. Please refer to the Appendix Section for additional specification information on the treatments called out in this ITB.

A complete listing of the road segments to be repaved or reconstructed under this Contract can be found in the Appendix. The list, in spreadsheet format, includes the road number designation; the name of the roadway; the subdivision, if any, it is in; and the approximate termini of the segment to be rehabilitated. Total quantities of each pay item have been included for information only and require that the Contractor verify the quantities.

The Contractor is responsible for visiting the actual proposed construction sites where the roadways are to be rehabilitated and or preserved in advance of this ITB to familiarize themselves with the logistics that will be required to perform this subsequent contract.

The Contractor is responsible for building at minimum 2-foot-wide shoulders and clipping high shoulders up to 4-foot-wide or more to allow positive drainage off the new roadway. Complete earth and shoulder filling work within thirty (30) days, after completion of the final roadway.

All shoulder building and clipping operations must be completed prior to the thermoplastic striping operations.

FDR operations must utilize the entire in situ pavement structure, no pre-milling will be allowed in advance of FDR operations. The surplus mixture shall be loaded and trucked at the Contractor's expense to an acceptable offsite location. Only clean asphalt millings will be received at the RDOT yard. Dirty millings if any from patching operations are to be trucked to an appropriate offsite location at the Contractor's expense.

FDR to be completed per the enclosed SP 316 in the Appendices section. The Contractor will submit their proposed job mix formula for the FDR projects.

Depth of FDR shall be 10" and will be tested for conformance.

Contractor will sweep and paint any adjoining bridge decks during striping operations.

Temporary striping is required in accordance with section 150.04 of the GDOT specifications. Placement of permanent pavement markings shall not begin until final surface course has been completed for more than fifteen (15) days and will be completed within forty-five (45) calendar days after the final surface course has been completed.

Notify utility companies a minimum of 60 days in advance of any proposed work for utility companies to begin clearing conflicts with scheduled work.

The Contractor shall be responsible for all erosion control measures to ensure all compliance with all state and federal laws and guidelines, the cost to be considered incidental and be included in the overall bid price. No additional payments shall be made to the contractor for erosion control.

The Contractor shall be responsible for removing, relocating, and maintaining the property owner's mailbox to an area outside the construction limits during the life of the contract where necessary. The location should be convenient to both the mail carrier and the resident or business owner. The move should not interfere with the proposed work. It may be necessary for the Contractor to confer with the post office serving the area. All costs incurred for the compliance to these requirements shall be incidental to the work being bid on.

All primary entrances into properties will always be maintained as accessible.

SEQUENCE OF OPERATIONS
GENERAL:

The purpose of this Special Provision is to provide a Sequence of Operations for construction of this project. This Special Provision also provides specific procedures that will permit vehicular and pedestrian traffic to pass area safely and with minimum inconvenience.

This Special Provision sets forth specific procedures and does not relieve the Contractor of any responsibilities required by Specification Section 150, other Specifications, Plans, or the MUTCD.

Planned off-site detours are not required for this Project.

Where traffic is permitted through the work area under stage construction, the Contractor may choose to construct, at no additional expense to the County, temporary on-site bypasses, or detours in order to expedite the Work. Plans for such temporary bypasses or detours shall be submitted to the Engineer for approval a minimum of at least fourteen (14) calendar days prior to proposed construction. Such bypasses or detours shall be removed promptly when in the opinion of the Engineer are no longer necessary for the satisfactory progress of the Work.

The Contractor's trucks and other vehicles shall travel in the direction of normal roadway traffic unless separated from the through traffic by positive construction barriers approved by the Engineer.

When construction operations necessitate an existing traffic signal to be out of service, the Contractor shall furnish off-duty police officers to regulate and maintain traffic control at the site.

There shall be no reduction in the total number of available traffic lanes except as specifically allowed by the Contract and as approved by the Engineer. The Contractor shall not perform work or move equipment or materials on the traveled way that visibly interferes with traffic flow on the roadways listed below between the hours of 6:00 to 8:30 AM and 4:00 to 6:00 PM, Monday through Friday unless authorized by the Engineer prior to Work being performed. Equipment or materials moved on or across the traveled way at other times shall be done in a manner as not to unduly interfere with traffic. Be aware that if ROOT receives numerous complaints about early work in subdivisions interfering with the school bus traffic an 8:00 am start date may be imposed for that area of work.

The Contractor shall schedule and arrange the Work to ensure the least inconvenience and the utmost in safety for the traveling public and to the Contractor's and the Department's forces. The Engineer shall have discretion to further limit the hours of construction activities within or near school zones or residences in order to provide the safest possible facilities for the traveling public. The Contractor shall not Work in residential areas from dusk to dawn.

The Contractor shall submit to the Engineer at the preconstruction meeting a list identifying the priority order in which the project will be completed. A schedule shall be submitted to the Engineer every week thereafter showing which

roads will be completed for that week. Every effort to complete the roads/streets in the order of the list should be made. The Engineer shall be notified immediately if the order of the roads/streets changes. The Engineer will be notified 24 hours in advance when the Contractor moves to a road/street to Work. The schedule as-a minimum show the time-line for milling, pulverizing, mixing, paving, grading of shoulders and striping operations as these items may relate to the respective roadway. Please refer to Section 108.11 for more information regarding scheduling and cancelations.

In the prosecution of the Work, if it becomes necessary to remove any existing signs, markers, guardrail, etc. not covered by a specific pay item, they shall be removed, stored, and reinstalled, when directed by the Engineer, to line and grade, and in the same condition as when removed. Separate payment will not be made for this Work. All costs associated with the removal and resetting of incidental items shall be included in the overall price bid.

The Contractor shall develop a detailed staging and traffic control plan, if deemed necessary, for performing Work in specific areas of the Work, including but not limited to all traffic shifts, detours, pacing, lane closures or other activities that disrupt traffic flow. When required by the Engineer, the Contractor shall submit his staging and traffic control plan to the Department at least seven (7) business days prior to commencing Work in a specific area so that a decision on its acceptability can be made. The Department shall review and issue its decision within three (3) business days of receipt and, if approved, shall give the Contractor a written Notice to Proceed (NTP) for that portion of the Work. The Contractor shall not commence Work prior to issuance of the NTP.

Contractor shall construct a 30 or 45 degree safety wedge, as required by GDOT, at the edge of all new asphalt overlays. This is to ensure that vehicular traffic will have a traversable edge that will allow for a smooth transition if the vehicle should leave the road unexpectedly and over-correct. See Section 400 for more details.

ORDER OF WORK:

Non-Interstate Divided Highways

The Contractor shall not simultaneously perform Work on both the inside shoulder and outside shoulder on either direction of traffic flow when the Work is within 12 feet of the traveled way, unless such areas are separated by at least 3000 feet of distance in rural areas or at least 500 feet of distance in urban areas.

Non-Divided Highways

The Contractor shall not simultaneously perform Work on opposite sides of the roadway when the Work is within 12 feet of the traveled way, unless such areas are separated by at least 3000 feet of distance in rural areas or at least 500 feet of distance in urban areas.

Pilot vehicles will be required during foaming operations, placement of bituminous surface treatment or asphaltic concrete on two-lane roadways unless otherwise specified.

On two-lane projects where full-width sections of the existing subgrade, base or surfacing are to be removed, and new base subgrade or surfacing is to be constructed, the Contractor shall maintain one lane traffic through the construction areas by removing and replacing the undesirable material for half the width of the existing roadway at a time. Replacement shall be made such that paving is completed to the level of the existing pavement in the adjacent lane by the end of the Workday.

Excavation

All areas within the limits of the Project, which are determined by the Engineer to be damaged, due either directly or indirectly to the process of construction, shall be cleaned up, redressed, and grassed. All surplus materials shall be removed and disposed of as required. Materials to be wasted shall be disposed of in accordance with Subsection 201.3.05.E of the current Specifications.

When trenching is required for minor roadway or shoulder widening, all operations at one site shall be completed to the level of the existing pavement in the same Workday.

SPECIAL CONDITIONS

The special conditions contained herein are Project Specific. When there is a conflict between the General Conditions of the Contract Documents and these Special Conditions, the Special Conditions will govern the Work.

The roads and streets impacted by this construction may require restriction to one-lane traffic and/or temporary closure. The Department prior to start of construction for such restriction MUST approve all restrictions to normal traffic flow patterns.

The Contractor shall provide off-road parking areas within the construction area and away from the intersecting streets or roads. The unauthorized parking of employees' vehicles and/or equipment will not be permitted along the shoulders or adjacent to the active traffic on any road or street in Rockdale County. It will be the Contractor's responsibility to prevent the violation of this provision. Failure to comply with the terms of this provision will result in the suspension of the Work.

The Contractor shall provide staging areas for equipment, materials and personnel which do not hinder public access or traffic movements. Debris and trash will be cleaned up in these areas to the acceptance of the inspector prior to vacating the area. Any soil contaminated by fuel or oil spills will be excavated and disposed of in accordance with EPA and State requirements for hazardous materials. The Contractor shall make every effort to prevent fuel and oil spills.

The Contractor shall notify the County three business days prior to beginning Work and 24 hours in advance when moving resurfacing/repaving operations from one location to another.

When construction begins on this project, the Contractor will be required to continuously pursue the Work without interruption to the completion of each stage of Work. The time duration between reconstruction of the base and paving operation shall be kept a minimum to maintain a safe surface for motorists and shall be at the direction of the Engineer. Shoulder rehabilitation, including seeding of grass, shall be completed within two (2) weeks of main line paving. Cessation of Work without authorization will be considered as justification to deny the Contractor's request for an extension of time. Payment of asphalt will be authorized when all Work is complete on a section of roadway.

Wherever the proposed Work calls for excavation of portions of the existing graded aggregate base (GAB), soil cement, and or soil, the material that is retained shall be compacted to meet the requirements set forth in the Construction and Preparation subsections of the applicable section of the Standard Specifications relating to the particular material, and/or structure, to be implemented immediately upon the retained material

The Contract completion date shall be 196 Days from Notice to Proceed, or as approved by Rockdale County Department of Transportation. If additional streets or emergency work is added to the contract the Contractor will be granted an additional time extension.

The Work performed under Pay Item 210-0020: GRADING - ADJUST SHOULDER TO GRADE shall cover only that Work required to add and grade any additional material required to bring the shoulder up to the finished grade at the edge of pavement and includes the material. By definition, this Work will apply only to those rural-section roadways where the proposed grade at the edge of pavement is higher than that of the existing roadway or as directed by the Inspector or Engineer. This item also includes CUTTING BERMS DOWN to proper elevation to allow surface water on road to drain to ditches. Contractor is responsible for utility locates.

As no roadway grade is expected to be raised in excess of approximately 3 inches, the intent of this Work is not to rehabilitate the shoulders; rather the intent is simply to fill and feather the shoulder at the edge of pavement to tie as quickly to the existing as possible. The feathering could extend horizontally up to 48 inches, but not past the existing shoulder break point. Measurement for payment will be measured by the lane mile. Any areas contiguous with the pavement where there is a drop-off will require shoulder grading. This will be as directed by the Inspector. This Work shall also include the establishment of permanent grassing on the newly placed material (sod where sodded). Payment for sodding, seeding/grassing, mulching, etc. is considered subsidiary to the grading.

At times the Contractor may have to cut the high shoulders down to allow water to move off the roadway and up to four (4) feet out on the shoulder. There may be limited occasions where the motor grader will have to extend their moldboard out past four feet in order to provide positive drainage across the profile of the in situ roadway. Care must

also be exercised to avoid damage to the new pavement edges with heavy equipment. If new roadway edge is damaged to due heavy equipment the Contractor will be required to cut and patch and restripe any of these areas.

In conjunction with the grading operations, any erosion control devices or measures that need to be installed to protect adjacent properties is the responsibility of the Contractor and is considered subsidiary to the cost of the grading. Special care shall be taken to prevent the edge of pavement from breaking while shouldering.

This work shall also include the establishment of permanent grassing on the newly placed material. Payment for in-kind seeding/grassing, mulching, etc. is considered subsidiary to the grading. In conjunction with the grading operations, any erosion control devices or measures that need to be installed to protect adjacent properties is the responsibility of the Contractor and is considered incidental to the cost of grading.

Where directed by the Engineer, transitions for driveways will be constructed to improve the driveway slope and break-over. The cost of this Work will be measured and paid for based on the top course of asphaltic concrete pavement per ton. Where complete removal and replacement of driveways in-kind is required, it will be paid for under that line item in the contract.

Along rural areas where mailboxes have been setback from the edge of pavement and the mail truck is required to pull off the pavement to deposit mail, these areas shall be covered with the respective surface and base course depths of new pavement in order to prevent the edge of pavement to ravel off by the mail truck. This additional pavement shall be included in the pay items for asphaltic concrete.

The Contractor shall notify the Engineer 48 hours in advance if the Contractor intends to Work on the Saturday or Sunday so that the Engineer can provide adequate inspection staff to oversee the Work. Failure to provide notice as required may result in denial of weekend work.

The Contractor shall notify the Engineer 72 hours in advance regarding the roadway project on which resurfacing and/or reconstruction will occur so that the Engineer in writing can notify occupants.

EQUIPMENT NOISE AND OPERATION:

All equipment used on the Work shall come equipped with factory installed mufflers or manufacturer's recommended equivalent in good condition. These mufflers shall be maintained in good condition throughout the life of the Contract. The equipment should be in good Working order without fuel leaks, damages, worn parts or broken parts which might create a hazard to the environment or personnel. Any equipment noted by the Inspector to the Contractor shall be fixed or removed immediately and any spills should be dealt with in accordance to EPA standards

UTILITY CONFLICTS

Utility companies having known facilities that conflict with the construction of this project will be directed by the County to adjust or relocate their facilities and will be notified of the Contract award. It is the Contractor's duty to notify the County of known conflicts.

It will be the Contractor's responsibility to conform with all the requirements of the Specifications as they relate to cooperation with utility owners and the protection of utility installations that exist on the Project. The Contractor's attention is directed to the requirement of Section 107, LEGAL REGULATIONS AND RESPONSIBILITY TO THE PUBLIC, with particular attention to Article 107.21.F

It shall be the responsibility of the Contractor to coordinate his Work with any Work to be performed by others in a Right-of-Way clearance and arrange a schedule of operations that will allow for completion of the Project without undue delay. Where stage construction is required, it shall be the Contractor's responsibility to notify the utility owner when each stage of Work is completed, and the site is available for utility Work to proceed.

It shall be the responsibility of the Contractor to determine the estimated time for relocation and adjustment of facilities of all utility companies and to consider in his bid all such relocations and adjustments.

In accordance with Article 105.6 of the specifications, the County shall not be liable for payment of any costs due to utility delays, inconvenience or damage sustained by the Contractor due to interference of any utilities or

appurtenances, or the operation of moving them. Delays by utilities will continue to be considered by the County in charging Contract time in accordance with Article 107.21.G.

The Contractor will not be paid for any delays or extra expense caused by utility facilities, obstructions, or any other items not being removed or relocated to clear construction in advance of his Work.

Georgia law requires that a telephone call or adequate notice must be given to the Utilities Protection Center (UPC) at 770-623-4344 a minimum of three (3) days before Work is to begin. The notice will remain in effect for 10 Working days from the date the Utilities Protection Center is notified. Any milling, pulverizing, or excavation Work on the roadways requires that UPC be notified prior to Work being performed. If emergencies occur it is the responsibility of the Contractor to notify the respective utility company immediately and then the inspector.

ADDENDA

The contents of Addenda will be incorporated into the respective sections of the final CONTRACT AGREEMENT, GENERAL CONDITIONS, and/or SPECIAL PROVISIONS. The Contractor's submitted Bid Proposal at the time of bid opening will also be incorporated into the Special Provisions as Appendix C, which will be part of the Contract. The Contractor shall include as part of his/her Bid Proposal the completed form on page BD.6 of the Bid Documents verifying that he/she has included all addenda as part of the Bid Proposal.

Subject: **Report of Pavement Evaluation
SPLOST 5A Roadway Rehabilitation
Rockdale County, Georgia
WSP Project No. 6162232479**

Dear Mr. Brown:

WSP USA Environment & Infrastructure Inc. (WSP) is pleased to submit this pavement evaluation report for the above-referenced subject property located in Rockdale County, Georgia. This evaluation was conducted in general accordance with our proposal dated May 10, 2023. This report briefly discusses our understanding of the project, describes our evaluation procedures, and results, and presents our conclusions and findings related to the project.

We appreciate the opportunity of working with you on this project and look forward to our continued association during the final geotechnical exploration and construction phases of the project. Please contact us if you have any questions about this report or if we may be of further service.

Sincerely,

WSP USA Environment & Infrastructure Inc.

Eric M. Rogers, E.I.T.
Geotechnical Project Engineer

1.0 Introduction

WSP has completed a pavement evaluation for the proposed Roadway Rehabilitation project in Rockdale County, Georgia. The objective of this study was to explore the general pavement conditions and subgrade material by coring the existing pavement along the requested roadways to analyze the conditions as they relate to future rehabilitation. This report briefly discusses our understanding of the project, describes our exploratory procedures, and presents our conclusions and pavement core results.

2.0 Project Information

WSP understands the following based on correspondence with the Rockdale County Department of Transportation (RDOT). Thirty-four (34) roads throughout Rockdale County totaling 31.3 miles are being prepared for the SPLOST 5A Roadway Rehabilitation project. To determine the rehabilitation/repair needs for these roadways, coring of the existing pavement was performed at approximate spacing of 1,500 feet.

3.0 Field Exploration

In order to explore the existing pavement conditions of the roadways, a 4-inch core was taken at approximate frequency of every 1,500 feet per 2 lanes of roadway, alternating lanes. Each core was performed using a standard work truck with a core rig attached to the bumper. Depth of asphalt was measured and the subgrade type and thickness was documented. After sampling of the asphalt core the hole was then filled with asphalt patch.

The asphalt core locations were marked in the field by a technician using a measuring wheel, truck odometer, and existing landmarks. The locations of the roadways can be found in the Appendix. The asphalt cores were labeled, placed in bags, and brought back to our Atlanta office for further documentation. Each asphalt core was measured and photographed for reporting. Core photographs can be found in the Appendix. A table is also presented in the Appendix describing each core in detail (roadway, asphalt depth, depth of subbase material and type).

A total of 117 cores were taken and below is a summary table provided to show an average depth of pavement and subgrade. A more detailed table can be found attached in the Appendix along with core photographs and a roadway plan. This table also includes streets in the community of Milstead where six asphalt paved streets were three inches or less above the concrete gutter. The remaining roads inspected by WSP were either flush with the concrete gutter or did not have concrete curb and gutter.

4.0 Site and Pavement Conditions

4.1 SPLOST 5A Roadways

Table – Roadway Segment Asphalt and Base Summary

Roadway Segment	Average Asphalt Thickness (in)	Average Base Thickness	Subgrade Type
Black Shoals Road NE	1.9	7.8	GAB
Blacklawn Rd SW (plus added section)	3.9	6.9	GAB/Soil Aggregate
Ebenezer RD SE	3.7	7.2	GAB
Farmer Rd NW	5.3	--	Soil
Goode Rd	3.4	2.2	GAB/Soil
Honey Creek (excluding Rowan to Forest Edge)	4.5	9	GAB/Stabilized Base
Hurst Rd SW	4.1	8.7	GAB
Kings Row NW (subdivision street)	2	6	GAB
Kinmor Industrial Pkwy	1.5	10.5	GAB
Klondike Rd SW	4.5	--	Soil
Lester Court NW	1.3	3	GAB
McCart Rd NE	1.8	6	Soil Aggregate
McDaniel Mill Rd SW	4.7	8.1	GAB/Soil Cement/Soil Aggregate
Sigman Industrial Court NW	3	6	GAB
Smyrna Rd SW	5.9	7.4	GAB/Soil Cement/Soil
Troupe Smith Rd	2.8	2.4	Soil/Soil Cement
Tucker Mill RD SW-1	4.8	5.9	GAB/Soil Aggregate
Zingara Dr	3.7	5.7	GAB/Soil Cement/Soil

Roadway Segment	Average Asphalt Thickness (in)	Average Base Thickness	Subgrade Type
Bethel Rd NE	4.2	2	Soil Aggregate/Soil
Daniels Bridge Rd SW	3.1	8.3	GAB/Soil Aggregate
Hull Rd SE	4.9	--	Soil
Old Covington Road	5.4	2	Soil Cement/Soil
Tatum Road NE (water treatment plant)	1.3	5.8	GAB
Walker Rd SW	5.3	10	Soil/GAB
Broad Street #12	5.8	--	Soil
Church Street #14	2	--	Soil
Cross Street NE #6	2	--	Soil
Elm Street #13	3.3	2	Soil Cement
Earnest Street #7	1	--	Soil
