COMPANY OVERVIEW

Founded by Roxann Dooling, a Certified Phlebotomy Technician (CPT) with over five years of experience, Blood Diamond Mobile Laboratory LLC provides trusted mobile phlebotomy and specimen collection services. Roxann's background as a Clinical Medical Assistant (CCMA), Medication Technician (CMT/CMA), and Certified Nursing Assistant (CNA) supports the company's mission to make healthcare more accessible by offering convenient, at-home care.

CORE COMPETENCIES

- **Venipuncture & Specimen Collection:** Expertise in minimally invasive blood draws with a focus on patient comfort.
- **Personalized Care:** Compassionate patient interactions, adhering to HIPAA and OSHA standards.
- **Specimen Handling & Compliance:** Proficient in processing and transporting specimens, ensuring OSHA and DOT compliance.
- **Mobile Services:** Offering convenient healthcare at homes, offices, and other locations.
- **CPR & BLS Training:** Certified mobile training for individuals and organizations.

KEY DIFFERENTIATORS

- **Convenience:** Mobile services with flexible scheduling, eliminating the need for travel.
- **Personalized Care:** Focus on comfort and patient understanding.
- **Community Commitment:** Dedicated to making healthcare accessible for those with mobility or transportation challenges.
- **Expertise:** Extensive experience across hospitals, clinics, and in-home care settings.

PAST PERFORMANCE

- Performed 15,000+ blood draws with high patient satisfaction.
- Partnered with leading labs for reliable diagnostics.
- Expanded services to include DNA, genetic, and drug testing, plus ECG/EKG.
- Developed an efficient logistics system for timely results.
