Re:

Professional PM Support Services for Rockdale County DOT – Haralson Mill Covered Bridge Rehabilitation Design

Dear Brian:

Thank you for this opportunity to submit our response to your request for consultant services to assist with the rehabilitation of the Haralson Mill Covered Bridge.

## Scope

Bill DuVall will be your primary contact on this project. Randall Mullins is a Program Manager/Engineer with extensive experience in bridge design and rehabilitation and will lead the design for this project. The scope of our services will be to review the existing inspection reports, plans and other documents, visit the site for additional reconnaissance, develop the rehabilitation plans, specifications and cost estimate. We will start the project within two weeks from notice to proceed and provide contract documents within 3 months from the start. We expect a project letting early spring with the work completed within a year.

## Cost
